

### **Emergency & Intensive Care Unit (ED/ICU)**

- 1- Ultrasound machine with color Doppler
- 2- Ventilation machine
- 3- Blood gas machine
- 4- Nasal CPAP for children
- 5- IO needles
- 6- Central lines different sizes for pediatrics and adults
- 7- Umbilical catheter for neonates
- 8- Dopamine
- 9- Dobutamine
- 10- Milrinone
- 11- Syringe pump
- 12- Tracheotomy tubes of different sizes
- 13- Endotracheal tube No. 3.0 without cuff
- 14- Endotracheal tube No.: 3.5 without cuff
- 15- Endotracheal tube No.: 4.0; 4.5 with and without cuff.
- 16- Ambubags and masks, especially for neonates and small children
- 17- Guedel tubes (oral airways), especially for neonates and small children
- 18- Chest tubes different sizes and drainage sets
- 19- Foley catheters small sizes for neonates and children
- 20- Urine collection bags different sizes for neonates and small children
- 21- Balance to weigh diapers for neonates and small children
- 22- Feeding tubes for neonates and small children
- 23- Colocheck test strips and liquid for testing

## **Radiology Department**

- 1-Computer Radiology (CR machine)
- 2-Ultrasound machine with color Doppler
- 3-Portable x-ray machine
- 4-Chloralhydrate syrup (orally sedation for children)
- 5- Eye x-ray protection
- 6- Thyroid collar x-ray protection
- 7- CT-scanner (end of 2015/2016)
- 8-Lead gowns different sizes
- 9-Water soluble contrast solution for PO and IV use.

## **Operating Theatre/Surgical department**

- 1-Orthopedic instruments and implants especially tibia and femur nails, small and large fragment sets, external fixator systems
- 2-Bone cement, bone wax
- 3-Hemostyptic gauze
- 4-Vaseline gauze
- 5-Amputation set, gigli saw
- 6-Rushpins for treating fractures of children
- 7-Steinman pins/K-wires and extension devices, handle for Steinman pins
- 8-Scotch cast, cast material
- 9-Sterilization pouches
- 10-Surgical packs for different procedures
- 11-Gowns, scrubs, goggles
- 12-Patient gowns
- 13-Suture material such as Vicryl/Dexon, PDS/Maxon
- 14-Surgical instruments and instrument boxes
- 15-Retractor sets, abdominal rings different sizes
- 16-Tourniquet system for orthopedic surgery with tourniquet for children and adults
- 17-Gurneys, stretchers
- 18-Cabinets/tables for operating theatre, sterilization area, Mayo stands, instrument tables
